### **Aliyev praises perpetrator who beheaded Armenian serviceman**

YEREVAN, MAY 2, ARMENPRESS.

Official Baku continues its traditional policy of awarding to its murderers and executioners:

President of Azerbaijan Ilham Aliyev this time awarded Azerbaijani servicemen who decapitated the Armenian soldier, Yazidi Kyaram Sloyan.

As "Armenpress" reports the photos of the awarding ceremony by Aliyev to the author of that barbarism are published in Haqqin.az news agency.

The awarding ceremony to Azerbaijani murderers who have brutally killed the Armenian servicemen is not a new phenomenon in Azerbaijan: Aliyev pardoned and bestowed military rank to Ramil Safarov in 2012 who killed the Armenian officer Gurgen Margaryan with an ax while he was sleeping in Hungary. Azerbaijanis called Safarov "national hero".
